ONTARIO WOUND CARE INTEREST GROUP

OntWIG

Affiliated with the Registered Nurses
Association of Ontario

OUR MISSION:

We are interdisciplinary health care professionals from all health care sectors who influence wound prevention and treatment public policy for all citizens in our Ontario Health Care System.

OUR VISION:

The Ontario Woundcare Interest Group will influence public policy related to uptake and utilization of evidence-informed practice which will increase Ontarians' access to wound prevention and treatment

Ontario Woundcare Interest Group

WHY JOIN ONTWIG?

OntWIG is an interprofessional province-wide interest group, with the resources of the Registered Nurses Association of Ontario available to assist in developing and expanding the voice of healthcare providers who are committed to influencing public policy to improve wound care prevention and treatment for all Ontarians.

OntWIG provides you with a collective strong voice for your clinical perspective, since OntWIG's focus is on ensuring all members of the interdisciplinary team are heard.

OntWIG is a group that encourages discussion and action that will impact wound care prevention and treatment across the continuum of care. Membership includes all disciplines of healthcare providers and represents all sectors and care environments (acute, chronic, long-term care, community and primary care).
